TO WHOM IT MAY CONCERN

It gives me great pleasure in providing this testimonial for Veronica Terelinck of Wicked Mango.

The initial stages of finding a web site graphic designer was nothing short of a nightmare, that is until we found Wicked Mango.

Veronica made the whole process so simple, stress free and coupled with her talent in design completed the job to perfection. She handled everything from concept stage, design, technical development and most importantly kept us informed every step of the way. She also provided advice and educated us on all our options (which she did a lot of). I cannot emphasize enough just how ecstatic we are with the final product, our website.

I have no hesitations in recommending Veronica to any company seeking a reliable, professional and talented web designer.

Please feel free to contact me anytime regarding this testimonial.

Sincerely,  
Lillian Pangallo
